The **X Series** are the new control panels based on easy of use and easy of programming. For this reason, X412, X824, X864 are extremely intuitive, and easy for daily management by the user and the installer. The X Series are fully manageable by Smartphone App dedicated (with the optional IP board). X Series use software that helps the technician during the various configuration steps.

They have a TEST menu that allows to check the functioning of the all system (zones, outputs, voice call, SMS, contact ID, siren etc).

Are provided of programmable audio support, and integrated wireless system.

Conform to CEI EN 50131-3:2009, CEI EN 50131-6:2008 Grade: 2.
